PROVINCIAL SECRETARY'S OFFICE,

20th August, 1903.

HIS HONOUR the Lieutenant-Governor in Council has been pleased to accept the resignations of Messrs. JOHN W. MOGG, of Sliamon, Read Island, and BENJAMIN E. DREW, of Camborne, of the office of Justice of the Peace.

HIS HONOUR the Lieutenant-Governor directs the publication of the following Circular, issued by the Commander-in-Chief, and desires to express the hope, for reasons that will appeal to every reader, that the request for the restoration to the Boers of prized family Bibles lost by them during the late war will meet with a generous response.

Any such Bibles may be sent to the Provincial Secretary's Office, and they will be forwarded to the Secretary of State of Canada for transmission to London.

Provincial Secretary's Office,
18th August, 1903.

WAR OFFICE,

London, S. W., June, 1903.

SIR,—I am directed by the Commander-in-Chief to inform you that it has been brought to his notice that, on the conclusion of the recent War in South Africa, a large number of Boer families found, on returning to their farms, that their family Bibles had disappeared.

It appears that the Boer inhabitants of the South African Colonies set great store by their family Bibles, which often contain family records of some antiquity and even in some cases are the only repository of such records in consequence of the unavoidable destruction of church registers.

Lord Roberts feels sure that if any persons have in their possession any of these Bibles they will willingly return them when they learn how they are valued by their former possessors and he thinks it unnecessary to emphasise how much such a kindly act would be appreciated by our new fellow subjects.

He therefore wishes it to be known as widely as possible among all officers and soldiers who are now

serving or have been retired, discharged or relegated to the Reserve, whether they belong or belonged to the Regular Army, Auxiliary or Colonial Corps and also among any of their friends, to whom they may have given them as relics, that Mr. W. H. Alexander, of 12, Bishopsgate Street Without, London, E. C., has kindly consented to receive and dispatch to their owners any such Bibles which may have been taken from Boer farms.

He feels sure that the above facts and the knowledge that it is his wish that all such relics should find their way back to their former owners will be sufficient to ensure that their present owners, however much they value them, will readily part with them for this purpose.

I am, etc.

A. WYNNE,

D. A. S.

The General Officer Commanding.

EXCERPT FROM RULES AND ORDERS RELATING TO
PRIVATE BILLS.

RULE 59.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows:—

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with the notices published.* At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses

of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring $10\frac{3}{4}$ inches by $7\frac{1}{2}$ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901 (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.
